It is recommended to manually type your password into the login area instead of copy/pasting it as some email programs can add hidden characters to the password text that will cause an error and not allow you to log in. Please be sure to not include any extra spaces and please make sure to include any capital letters as the passwords are case sensitive.

- Enter your email and password and click Login.
- If you've forgotten your password, click *Forgot Password?* below the login box and follow the onscreen prompts.

The image shows the Nacha login interface. At the top is the Nacha logo. Below it is the text "Enter Login Information". A notice states: "IMPORTANT NOTICE TO ALL USERS: Our 2025 Nacha Operating Rules & Guidelines are being hosted on a brand-new platform. Your previous login credentials (2023 and earlier) will no longer work. All users will need to register as a new user, creating a new username and password before accessing the 2025 content."
